← OYSTERS, FRUITS, VEGETABLES & C. →

Baltimore, Md.

October 4th., 1887

Mr. D. M. Fox,

Philadelphia, Pa.

Dear Sir :-

In reply to your favor of the 3rd instant would say that we perfectly understand the Modus Operandi of issuing the 5 and 1 c. peices but we do not think it at all covers the requirements of the business community. We do not wish to be dictatorial but we ~~do~~ think the Government should have a sufficient supply of 5 and 1 c. peices to fill the requirements of the trade so that orders could be filled promptly and the people need not be asked to deposit their money, waiting three, four, or five weeks before their orders are filled. It would not be so bad if you could arrange in some way to ship orders on a specified date and if the money is forthcoming that you will fill same, but to ask any one to deposit money and keep them waiting some weeks before filling the order is not right nor just. We think we would be unreasonable if this state of affairs happened only once in a while, but for the last eighteen months we have had this same inconvenience

every day.

It would do you good to come on here and see us meet Mr. Zoller in the morning when we are hard up for nickels and pennies. We fairly embrace and kiss him in order to get him to give us a few. Whilst we do not claim by any means that we know how to run the United States Government, still at the same time, we do think that the way it is run now in this particular department, it needs a little improvement. We think our complaint is a serious one and trust you will find some remedy for it.

Very Respectfully Yours, P. M. D.
